

# CALL FOR PAPERS

**ICELSE 2019**  
**May 20-21, 2019**  
**Vancouver, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICELSE 2019 : International Conference on Environmental Life Sciences Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental Life Sciences Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Affective neuroscience	Biological and medical physics
Agriculture, forestry and life sciences	Biological sciences
(Botany, Forestry, Cell Biology, Marine Biology, Zoology)	Biology
Aerobiology	Biology and neuroscience
Anatomy	Biology Health Sciences
Astrobiology	Biomaterials
Biobehavioral science	Biomechanics
Biochemistry	Biomedical science/ engineering
Biochemistry and Molecular Biology	Biomonitoring
Biocomputers	Biophysics
Biocontrol	Biopolymers
Biodynamics	Bioscience Engineering
Bioinformatics	Botany
